Interactive experiences

Experiences

Visual Design Intern

WeChat China / Jun-Aug 2019

Design and refine the UI/UX of the WeChat app, developer tool (macOS/Windows), and WeChat developer forum. Make suitable designs for each product while keeping them under a single unified visual language.

Visual Design Intern

Amazon China / Jun-Aug 2018

Worked in a cross-country team. Designed and produced a variety of image content for Amazon.com at India, Australia and North America.

Web Design Contractor

SSPAI.com / Jan 2019-present

Redesigned SSPAI.com, one of the most popular Chinese technology medium that is transferring to a community-based media platform. It's live now.

Instructional Assistant

California College of the Arts / Jan 2019-present

Helped students in-class understand the web front-end (HTML+CSS+JS) skills taught by the teacher.

Awards

Student to Watch 2020

GDUSA / Feb 2020

With the help of many of America's leading art and design schools, GDUSA identify top students ready to burst on the design scene.

National 2nd place

China University Computer Contest / Aug 2018

In a competition among 600+ teams, we design and make a mini-program from scratch. It is accessible to the public and has 20,000+ users without promoting.

Creative Achievement Award

California College of the Arts / 2016-2020

An award/scholarship based on the portfolio submitted while applying California College of the Arts.
